The Rules:

- No grains or starches
- No fat (oils, butter, margarine)
- No Sugar or artificial sweeteners
- No alcohol, coffee, soda or other caffeine-containing beverages
- No Junk food
- Vegetables (as many as you like)
- Fruit (three servings per day)
- Protein & Dairy (refrain from eating protein dairy as long as possible. *If you must add protein, add a three ounces of lean protein like tuna (canned in water or fresh), salmon (canned in water or fresh), chicken, turkey, tofu or plain soy milk*)
- Water (eight 8 fl. oz. glasses per day)
- Accelerators for Success: TLS CORE, Isotonix Multivitamin, Isotonix OPC-3, NutriClean 7-Day Cleansing & Detoxification System

Detox Tips:

- Eat only the cleansing foods on the lists (try arranging these foods into three meals a day, plus snacks).
- Keep it simple.
- Use spices and herbs, small amounts of low sodium soy sauce, salt, pepper, vinegar and mustard.
- Get plenty of rest and sleep because this helps with the detoxification process. The naturally accruing plant compounds in the fruits and vegetable will help accelerate the cleansing process. You may feel a little more tired than usual the first few days. By the end of the week, you should feel energized.
- Do not engage in strenuous physical activity, even if you are used to it. Instead of a vigorous workout, take more yoga and gentle stretching. This is also a great time to meditate, listen to relaxing music, and engage in other stress-reduction activities.
- Think about the commitment you are making to yourself, what you stand to gain, and how accomplished you will feel. Look at this as cleansing out the old and getting ready for the new.
